

Free Stivers Lagoon Field Trip

Are you a teacher in Fremont? Interested in ensuring the next generation of Bay Area residents will care enough to protect San Francisco Bay?

If so, sign up your class for a FREE 2-hour field trip through Stivers Lagoon - a unique urban marsh located in Central Park.

Student activities meet the 3rd Grade Standards for physical science, life science, investigation and experimentation.

Requirements:

- **Fremont public, private and home schools only**
- Class size is limited to 28 students
- Must include 1 teacher/parent per 5 students
- Teacher and parent participation is strongly encouraged

Learning Opportunities and Hands-on Activities:

- Students will learn about wetlands, watersheds, ecology, and the effects of water pollution on the environment, habitat and biodiversity.
- Hands-on activities include: creek surveys, water quality sampling, aquatic insect inventories, collecting & creating plant guides and much more.
